ICT ENABLED SERVICES

Use of ICT enabled tools in teaching-learning process, in addition to traditional teaching learning method, makes significant effect on the students. Learning with ICT enabled tools makes the learning easy and long term, so the institution started providing required infrastructure realising its crucial role. Information and Communication Technology (ICT) in education supports, enhances and optimizes the delivery of education. The teachers take efforts in exploiting various ICT tools to engage the students in long term learning. The students get benefitted in both ways i.e. learning through ICT and getting acquainted with the latest technology. The campus of college is enabled with high speed Wi-Fi connection.

SCSCO YouTube Channel :

The teachers have created their own channel keeping in mind that the video lectures based on the syllabus should be available to the student at anytime, anywhere. All the channels are Prefixed with SCSCO viz. SCSCO Commerce, SCSCO Chemistry, SCSCO English, etc.
