INTERNAL QUALITY ASSURANCE CELL (IQAC)
IPR Cell Organized

A detailed report of
Workshop on Introduction of IPR and Patenting
In collaboration with
Turbo Tech Venture, Pune & Foundation for Environment Monitoring, Bangalore (FFEM).
On 24-04-2018

Intellectual property (IP) contributes enormously to our national and state economies. Changes in the global economic environment have influenced the development of business models where IP is a central element establishing value and potential growth. Recent spate of initial public offerings, high-profile mergers and acquisitions, and litigation has thrust intellectual property (IP) into an increasingly critical position in global economics. However, many organizations often fail to understand the value of and the risks to their IP, Intellectual property is a general term for the set of intangible assets owned and legally protected by a company from outside use or implementation without consent. Stemming from its ability to provide a firm with competitive advantages, defining IP as an asset aims to provide it the same protective rights as physical property. Obtaining such protective rights is critical as it prevents replication by potential competitors—a serious threat in a web-based environment or the mobile technology sector.

Importance of IPR:-

1. Provides incentive to the individual for new creations.
2. Providing due recognition to the creators and inventors.
3. Ensuring the material reward for intellectual property.
4. Ensuring the availability of the original products.
5. For economic growth and advancement in technology sector protection of Intellectual property protection is important.
6. They are benefited for the growth of the business in the field of technology.

Objectives of Seminar: The objectives of the seminar were:

- A) To provide a platform for discussion about the ways in which policies and practices in the areas of IPR and patenting can be made more inclusive so that faculties can aware and got knowledge about it
- B) To review and learn from the resource person in this context in order to become equipped with this knowledge and generate ideas for the IPR and patenting.
- C) To aware about the scope of new innovation and research.

Considering these facts our college have organized one day workshop on Introduction of IPR and Patenting on **24/04/2018**, at our college Auditorium. This workshop r have been arranged in coordination with IQAC sponsored IPR Cell in Collaboration with our MoUs partner Foundation for Environment Monitoring, Bangalore (FFEM). The seminar inaugurated by our beloved Principal Dr. G. H. Jadhav. The IQAC Coordinator introduced the IPR Cell of our college and welcomed the all participants. He focused on various patents and IPRs which are important and scope of IPR and patenting to develop the countries. The function was attended by the Members of the institute, as the chief guests. Dr.Aswale S.N. and Dr. Ingale V.S. also focused on **Intellectual Property Rights Encourage Innovation and Reward Entrepreneurs** and briefly described the work being carried out in the country in relation to promoting equal rights and opportunities. He also expressed his

appreciation to the conference organizers, wished the participants a productive exchange of ideas and encouraged delegates to engage in active and open discussions.

The resource person for this one day seminar was Dr. Balkunde Pradeep from FFEM, Bangalore Institute; he is a renowned researcher and has patents. He has developed various technologies to monitor quality of water and soil. Dr. Balkunde has given a detailed talk on IPR and patenting. He also gave presentation of various steps of filing the patents and other IPR laws. He inspired to all Participants to do research and explained scope of patents for the development of countries. There was various questions raised by faculties regarding IPR and session was very interactive; fruitful discussion was made by all participants. This program really leaves a great impact on everyone. A large number of participants including the heads of department, faculties and P.G. students attended the function. Lastly vote of thanks for all participants was presented by convener Dr. V. S. Suryawanshi and function was over by national anthem.
