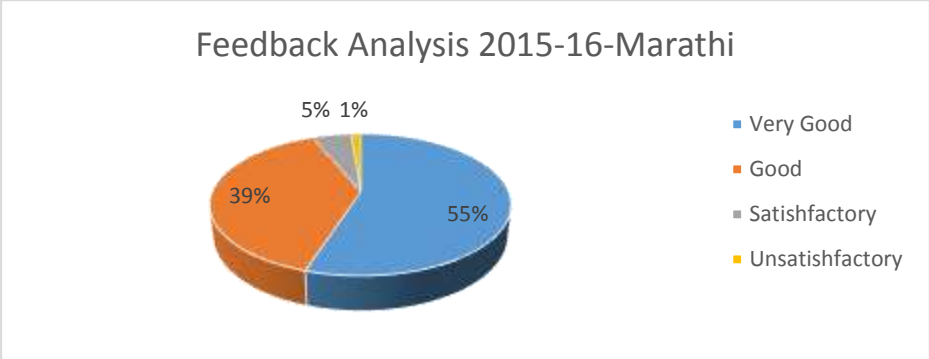
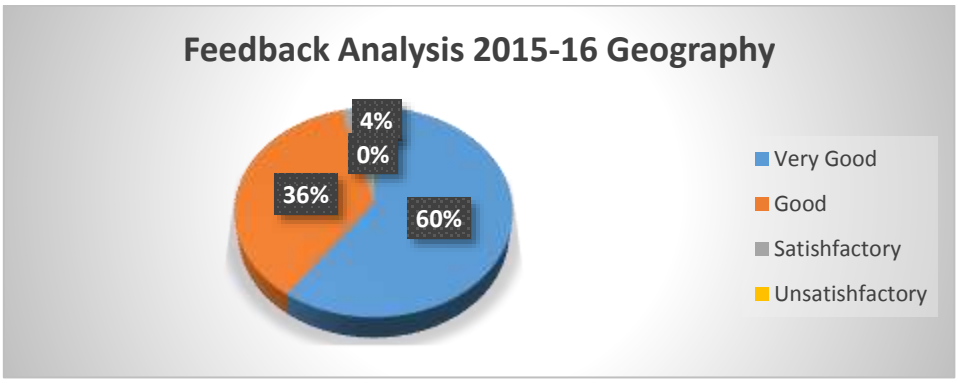
1- The average 55 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2- The average 39 per cent of the students have given good and 5 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3- There is 1% unsatisfactory feedback regarding the course and its relevance in the subject Marathi



Subject - Geography

Feedback analysis clearly indicates that

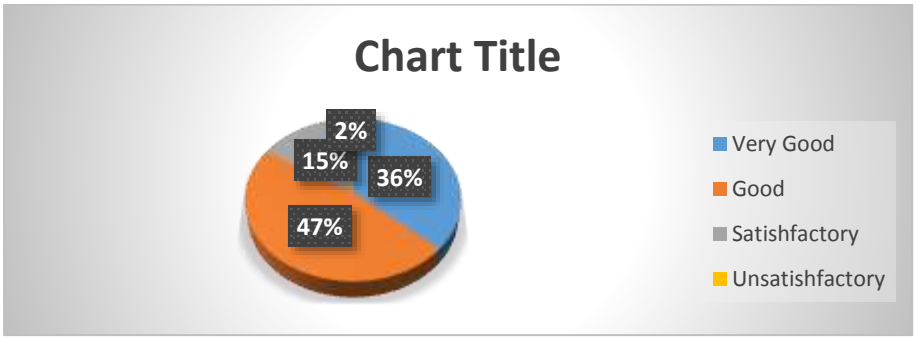
1. The average 60 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 36 per cent of the students have given good and 4 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Geography



Subject – Computer Science

Feedback analysis clearly indicates that

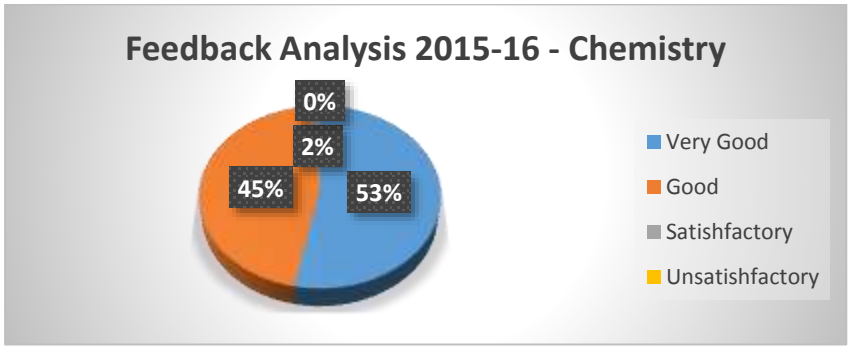
1. The average 36 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 47 per cent of the students have given good and 15 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is 1.56% any unsatisfactory feedback regarding the course and its relevance in the subject Computer Sci.



Subject - Chemistry

Feedback analysis clearly indicates that

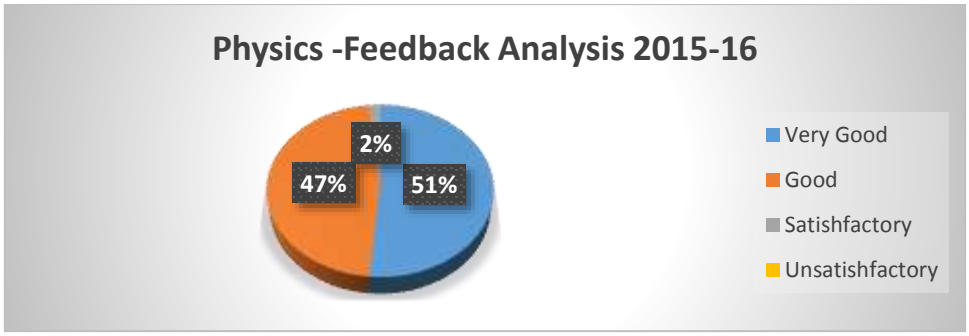
1. The average 53 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 45 per cent of the students have given good and 2 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Chemistry.



Subject – Physics

Feedback analysis clearly indicates that

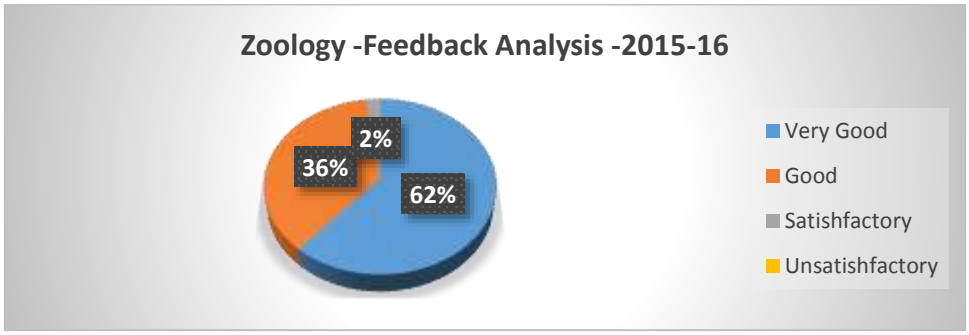
1. The average 51 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 47 per cent of the students have given good and 2 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Physics



Subject – Zoology

Feedback analysis clearly indicates that

1. The average 62 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 36 per cent of the students have given good and 2 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Zoology

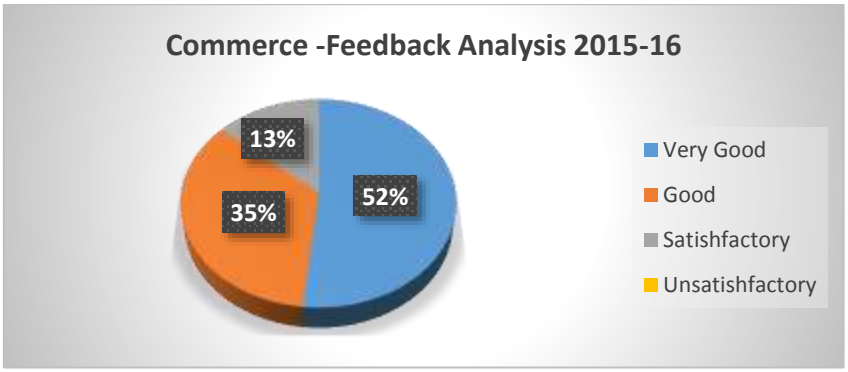


Subject – Commerce

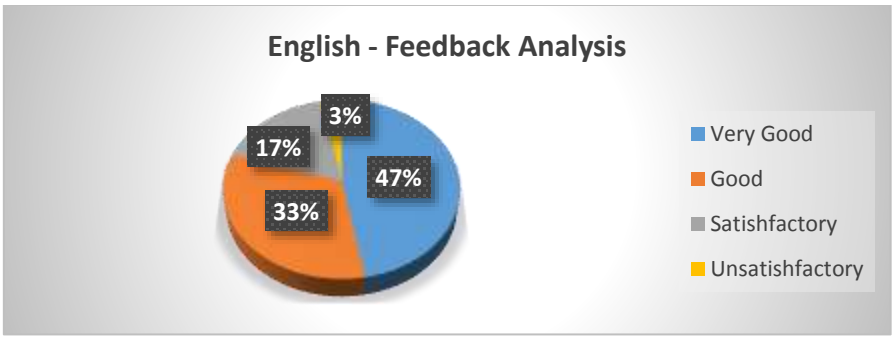
Feedback analysis clearly indicates that

1. The average 52 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance

2. The average 35 per cent of the students have given good and 13 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Commerce.



Subject – English

Feedback analysis clearly indicates that


1. The average 47 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 33 per cent of the students have given good and 17 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is 3 per cent unsatisfactory feedback regarding the course and its relevance in the subject English
