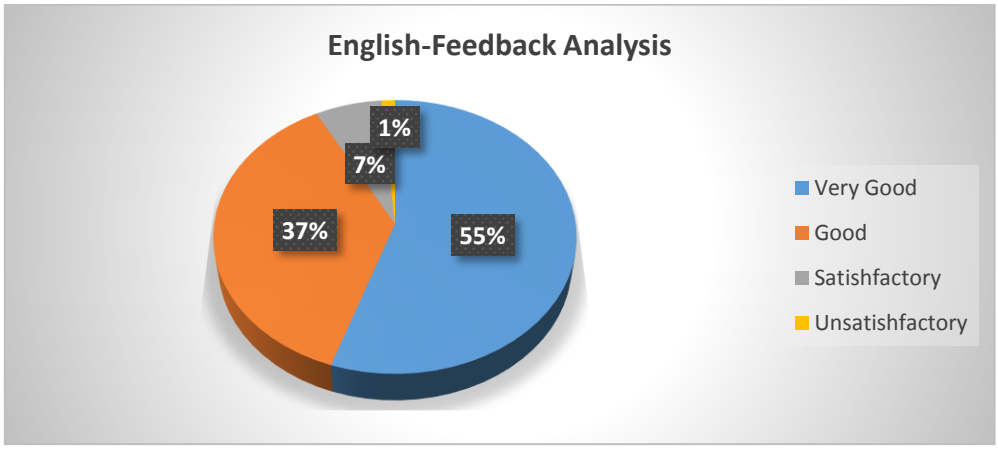
The department wise summary of student's satisfaction for the year 2016-17 is given as under.

Department of English:

1- The average 55 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance

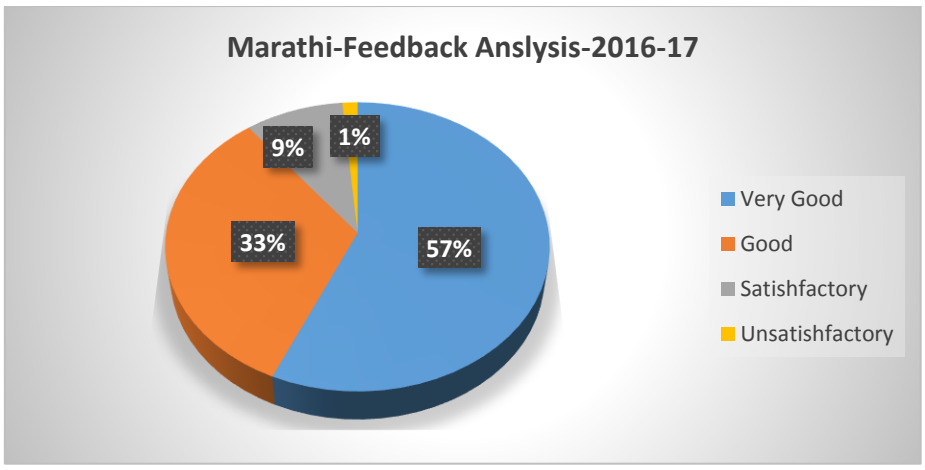
2- The average 37per cent of the students have given good and 7 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance

3- There is 1% unsatisfactory feedback regarding the course and its relevance in the subject English.



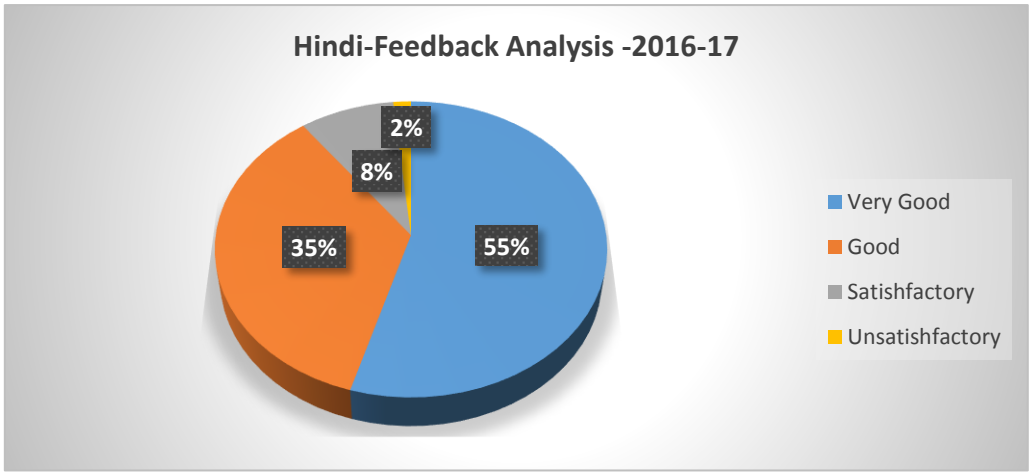
Department of Marathi

1. The average 57 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 33 per cent of the students have given good and 9 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is 1% unsatisfactory feedback regarding the course and its relevance in the subject Marathi.



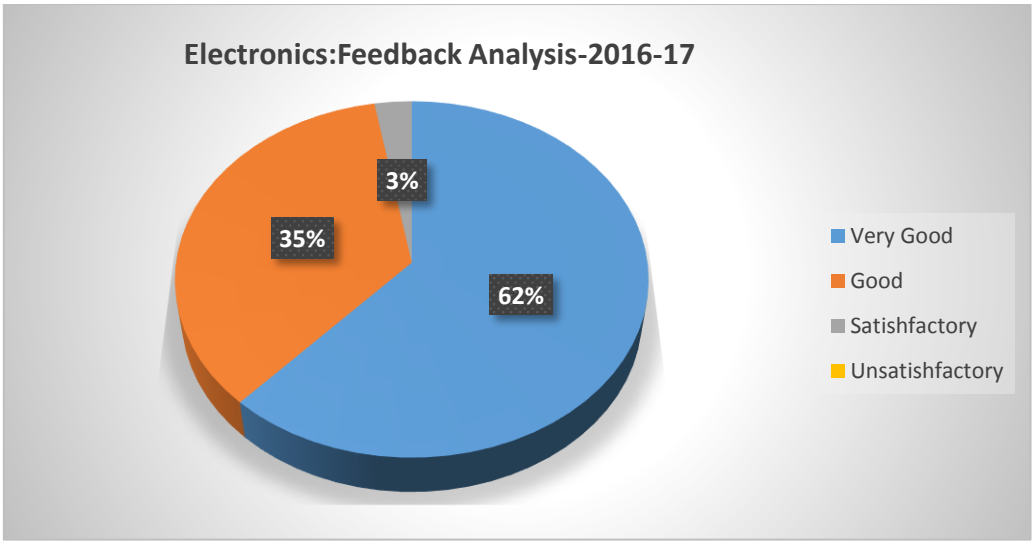
Department of Hindi

1. The average 55 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 35 per cent of the students have given good and 8 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is 2% unsatisfactory feedback regarding the course and its relevance in the subject Hindi.



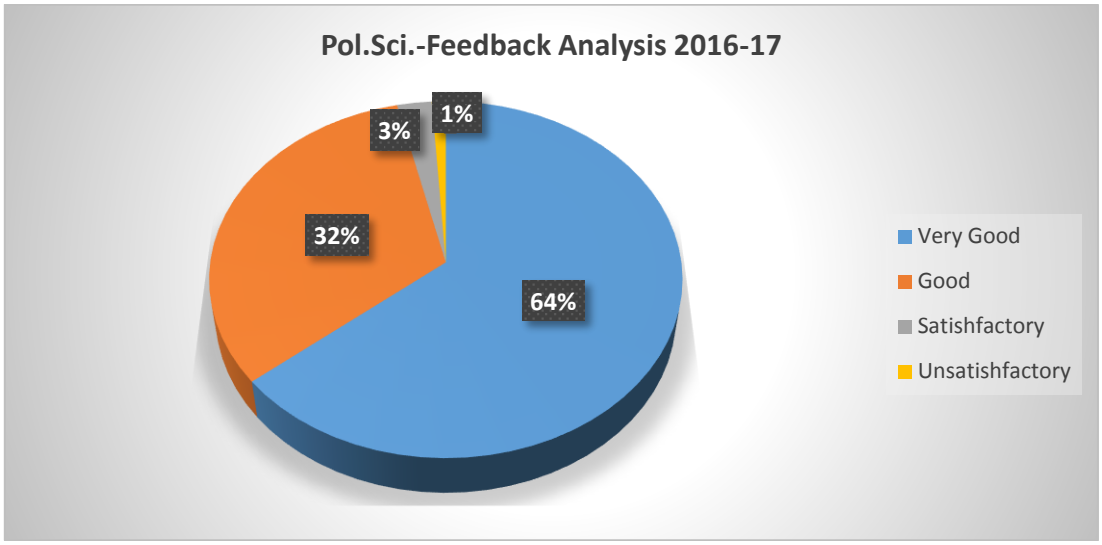
Department of Electronics

1. The average 62 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 35 per cent of the students have given good and 3 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Electronics.



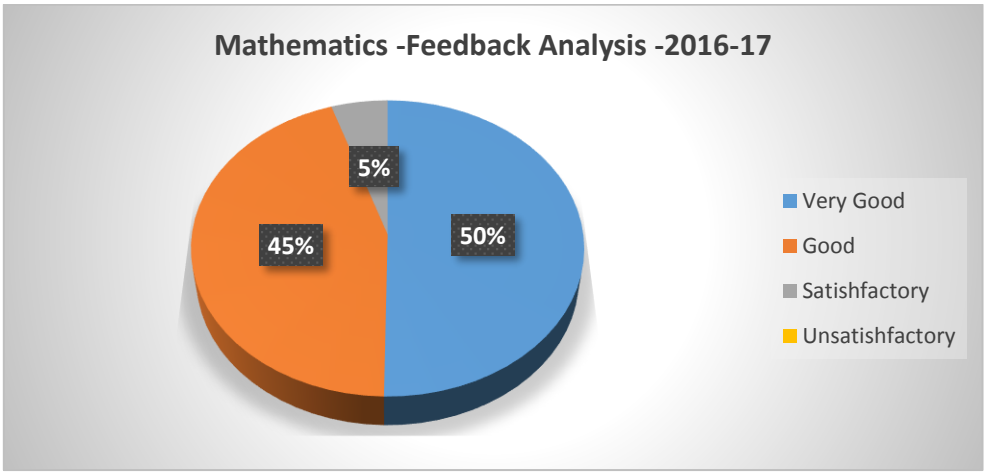
Department of Political Science

1. The average 64 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 32 per cent of the students have given good and 3 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is 1% unsatisfactory feedback regarding the course and its relevance in the subject Pol. Sci.



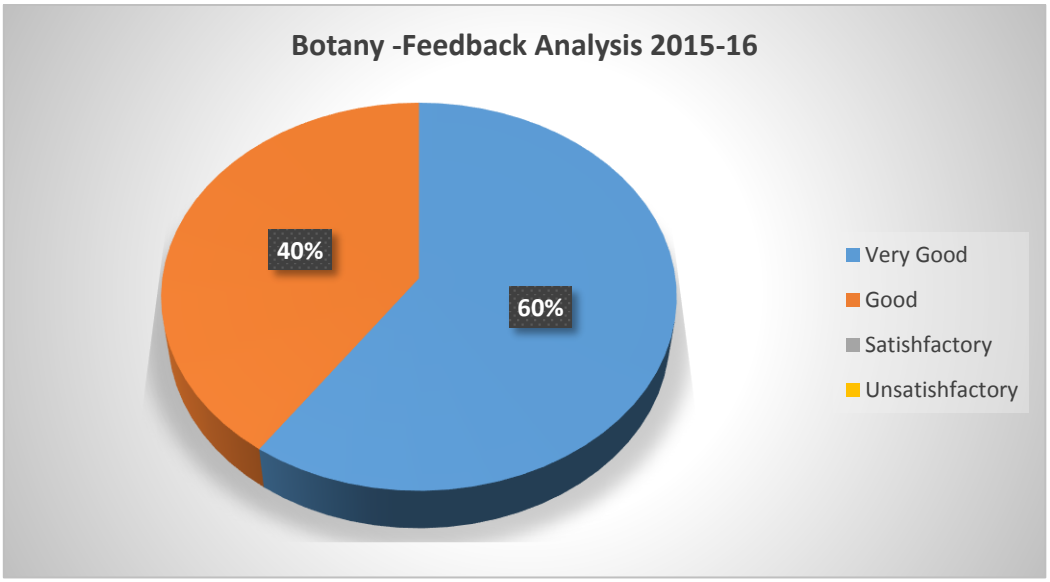
Department of Mathematics

1. The average 50 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 45 per cent of the students have given good and 5 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Mathematics.



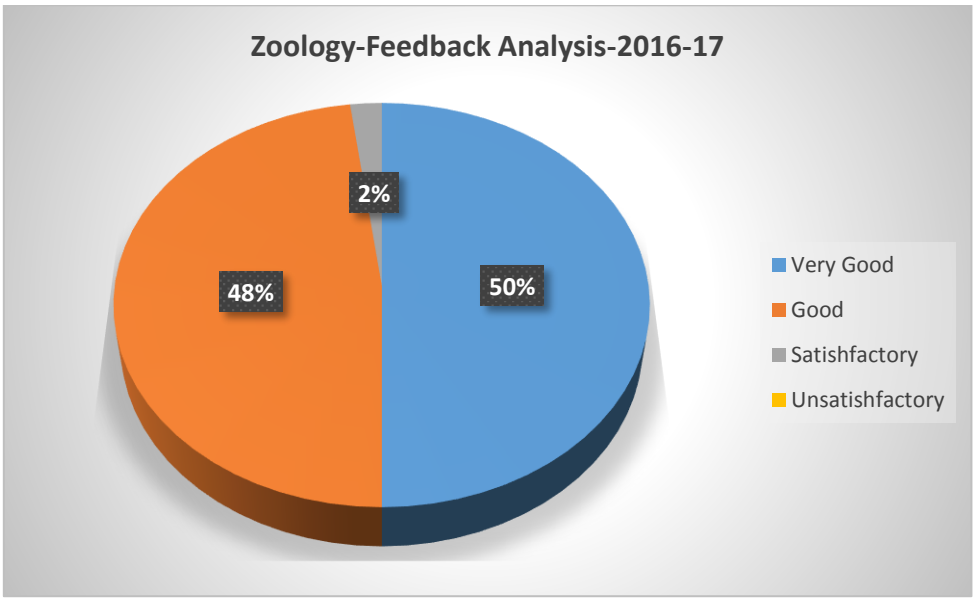
Department of Botany

1. The average 60 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 40 per cent of the students have given good feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Botany.



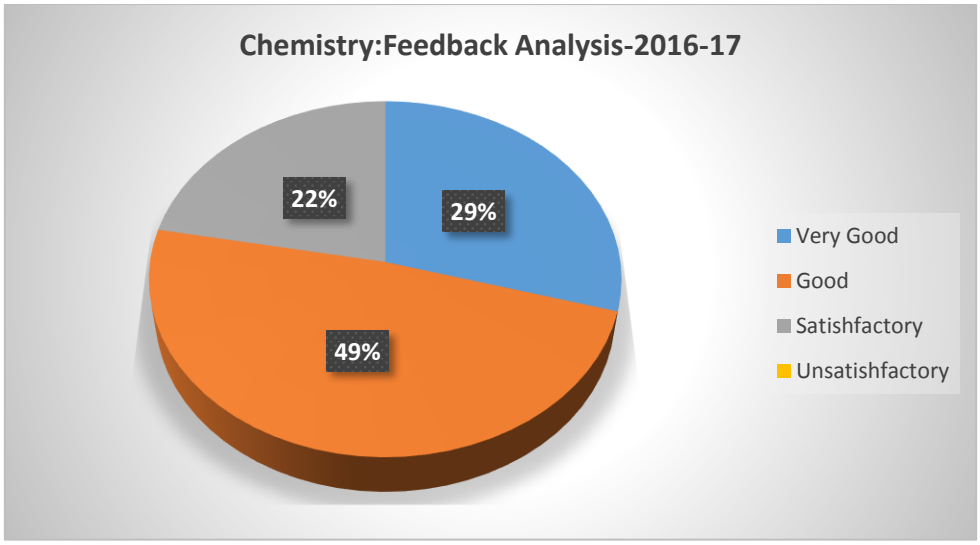
Department of – Zoology

1. The average 50 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 48 per cent of the students have given good and 2 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Zoology.



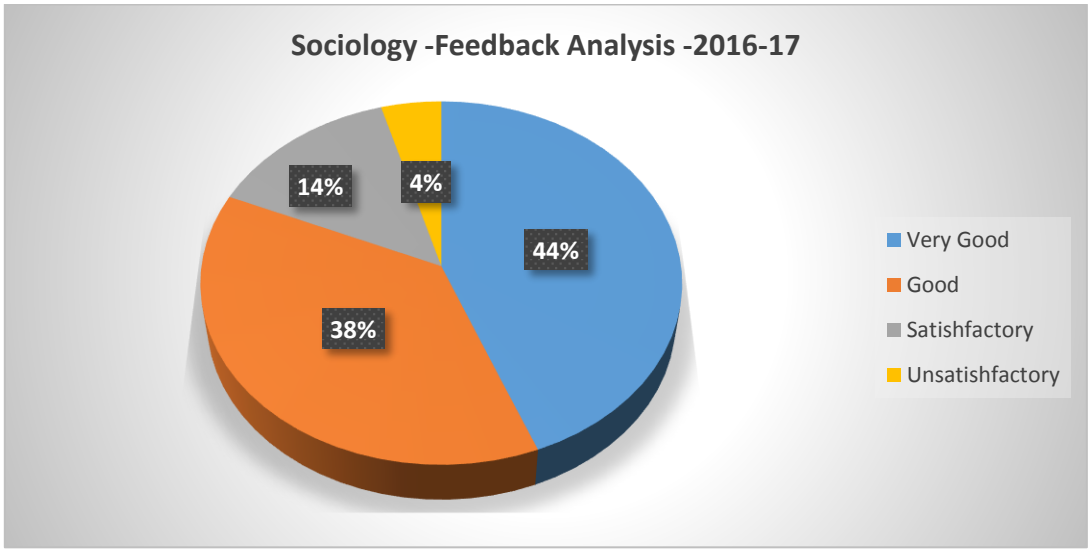
Department of – Chemistry

1. The average 29 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 49 per cent of the students have given good and 22 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Chemistry.



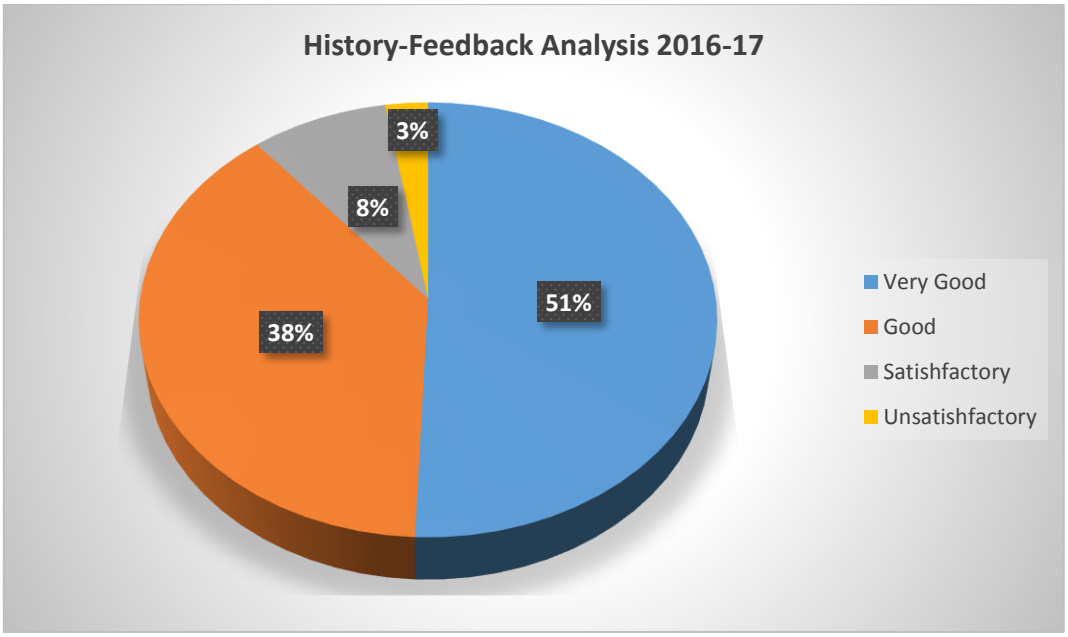
Department of – Sociology

1. The average 44 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 38 per cent of the students have given good and 14 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is 4% unsatisfactory feedback regarding the course and its relevance in the subject Sociology.



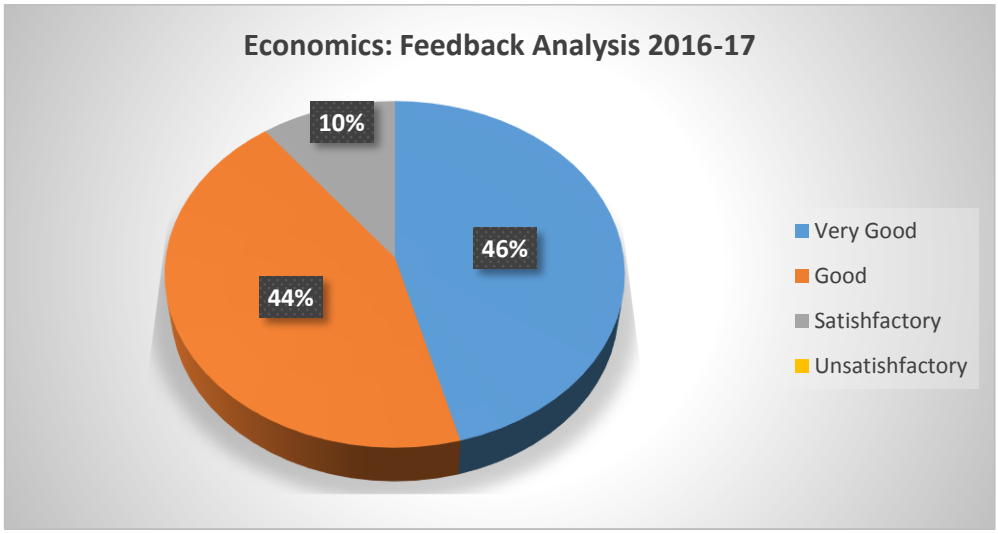
Department of – History

1. The average 51 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 38 per cent of the students have given good and 8 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is 3% unsatisfactory feedback regarding the course and its relevance in the subject Geography



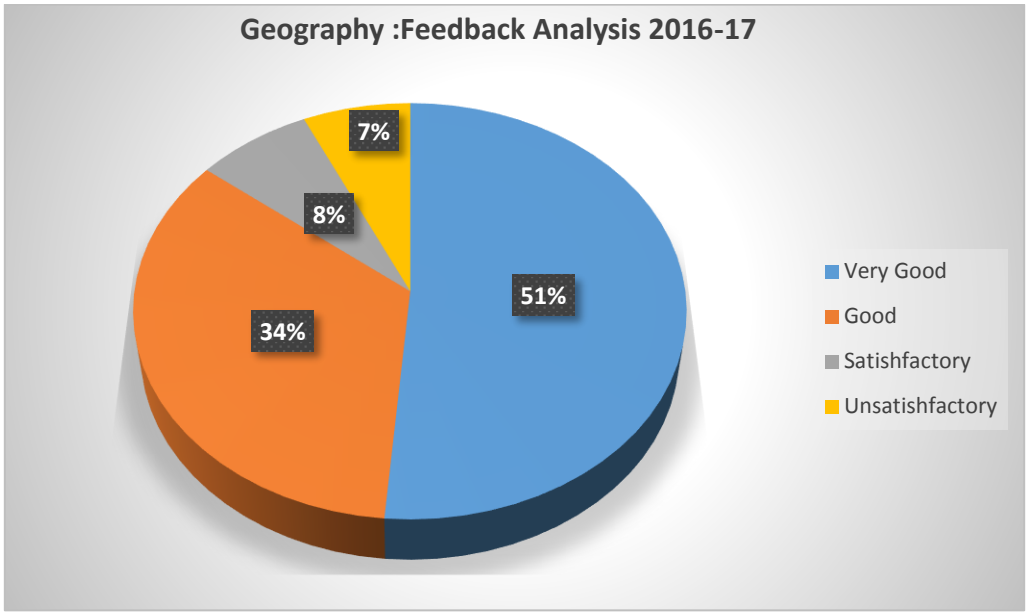
Department of – Economics

1. The average 46 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 44 per cent of the students have given good and 10 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Economics.



Department of – Geography

1. The average 51 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 34 per cent of the students have given good and 8 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is 7% unsatisfactory feedback regarding the course and its relevance in the subject Geography

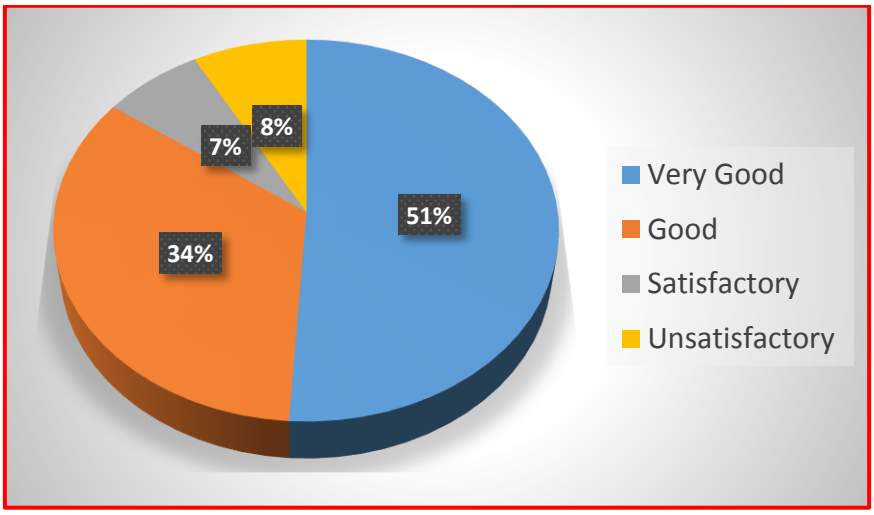


Department of Commerce:

1- The average 51 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance

2- The average 34 per cent of the students have given good and 07 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance

3- There is 8 per cent unsatisfactory feedback regarding the course and its relevance in the subjects in Commerce.

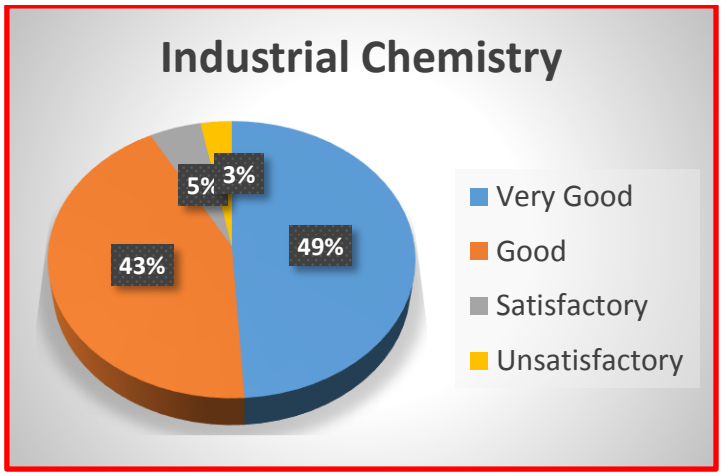


Department of Industrial Chemistry:

1- The average 49 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance

2- The average 43 per cent of the students have given good and 05 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance

3- There is 3 per cent unsatisfactory feedback regarding the course and its relevance in the Industrial Chemistry.



Department of Chemistry:

Feedback analysis clearly indicates that

1. The average 29 per cent of the students have given very good feedback on course contents, its coverage and applicability, clarity and relevance
2. The average 49 per cent of the students have given good and 22 per cent students have given satisfied feedback on course contents, its coverage and applicability, clarity and relevance
3. There is no any unsatisfactory feedback regarding the course and its relevance in the subject Chemistry.
